

SOME EXAMPLES OF OUR INTERNATIONAL EXPERTISE

► STRATEGIC SUPPORT AND CAPITALIZATION IN CONGO

The ITSRS Foundation carried out two missions in the Republic of Congo, mandated by Expertise France:

- one aimed at achieving the capitalization of the TELEMA project, financed by the AFD, and to produce a best practices booklet;
- the other aimed at updating the National Social Action Policy and at launch the 2023-2026 Action Plan.

► PEDAGOGICAL EXPERTISE IN MOROCCO

The ITSRS Foundation supports the creation of the Institute for Health Professions and Social, in Marrakech, bringing their expertise on development curricula and educational support.

► RESEARCH AND DEVELOPMENT

The ITSRS Foundation has been contributing since November 2024 to a research project and capitalization of the AFD, aimed at providing an in-depth analysis of concepts and concrete tools in social work, in order to guide donors in strengthening capacities of actors in low- and middle-income countries.

OUR STRATEGY - OUR AREAS OF INTERVENTION - OUR ACTIONS

OUR STRATEGY

Since the creation of its first nursing school and cooperation with the American Committee for the Regions devastated in the 1930s, which will subsequently become the ITSRS Foundation still sought to forge ties with international partners and to promote educational exchanges and institutional in the field of training to social work, convinced of a certain universalism social intervention.

Thus, in its strategic project dated January 2022, the ITSRS Foundation affirms its desire to work to the «initiation, facilitation, and conduct of all action in favour of social work and intervention social in the European and international context. The Foundation also recalls, in the institutional project 2024, its ambition to «develop cooperation actions at international level» and to «promote mobility actions for students and the teaching staff».

Today, with recognized expertise in social action and training in social work (from infra-bac level at level 7), equipped with a device mobility for its students¹ and rich in several experiences of cooperation international, the Foundation has decided to intensify its actions in this area.
